## **International Call for Macanese Cuisine Recipes** **Program Regulations**

### **1. Introduction:**

Macanese cuisine is an invaluable food culture and an element of the intangible cultural heritage of Macao. With ingredients and cooking methods derived from Europe, Asia and Africa, this gastronomy represents the fusion of Eastern and Western cultures and embodies the co-existence of diverse cultures in Macao.

In 2017, Macao was designated as a UNESCO Creative City of Gastronomy, also recognizing that Macanese cuisine plays an active role in the sustainable development of the city. In order to preserve and promote Macanese gastronomy, the Macao SAR government created the “Macanese Cuisine Database”, in order to collect and share documents related to the Macanese cuisine, including Macanese cuisine recipes.

In order to enrich the “Macanese Cuisine Database”, gather more records about Macanese gastronomy and promote related research, the Cultural Affairs Bureau (IC) of Macao SAR government decided to launch the program “International Call for Macanese Cuisine Recipes”. All recipes collected will be stored and displayed in the “Macanese Cuisine Database” and used for the purpose of research and promotion of the Macanese gastronomy.
